

Jasthi Ganga Bhavani

Kakinada, Andhra Pradesh, India

+91 6281169400 — bavanig486@gmail.com — LinkedIn — GitHub

Professional Summary

B.Tech AIML student with strong foundations in Data Structures, Algorithms, Databases, and Full-Stack Development. Skilled in C++, Python, JavaScript, MERN Stack, and problem-solving with 500+ coding problems solved across competitive programming platforms.

Technical Skills

Programming Languages: C, C++, Python, JavaScript

Web Technologies: HTML, CSS, React.js, Node.js, Express.js

Databases: MySQL, MongoDB

Tools & Platforms: Git, GitHub, VS Code, Power BI, MS Excel

Core Concepts: Data Structures & Algorithms, OOP, DBMS, Problem Solving

Education

Aditya University, Surampalem B.Tech in Artificial Intelligence & Machine Learning	2024 – 2028 CGPA: 9.3/10
Pragati Junior College, Samalkot Intermediate (MPC)	2022 – 2024 97%
Sri Vidyanidhi School, Peddapuram SSC Board	2022 89%

Projects

Lost and Found Management System MERN Stack

- Developed a web-based platform for reporting and tracking lost and found items.
- Implemented user authentication, item reporting, image uploads, and claims management.
- Built responsive frontend interfaces using React.js and backend APIs using Node.js and Express.js.
- Integrated MongoDB for secure storage and retrieval of user reports and claims.

Daily Mood Tracker HTML, CSS, JavaScript, MySQL

- Developed a mood-tracking application to record and manage daily mood entries.
- Designed an interactive user interface using HTML, CSS, and JavaScript.
- Integrated MySQL database and implemented CRUD operations for mood management.
- Enabled efficient storage and retrieval of users' mood records.

Certifications

- Cisco Networking Academy – C Essentials 1
- Microsoft Excel Certification
- Power BI Certification
- HackerRank – Problem Solving and C Programming
- CodeChef – Solved 500+ Difficulty-Rated Problems

Achievements

- Runner-Up in College Tech Fest Quiz Competition.
- Participated in HackerRank Campus Coding Contest.
- Solved 500+ competitive programming problems across coding platforms.
